

The Birthday Cake Game

The Birthday Cake Game

You need a strip of birthday cakes and a pencil for each player and a dice marked "5" on 4 faces and blank on 2 faces.

Players take turns in throwing the dice.

If they get a "5" they say "Five!" They then draw 5 candles on their first birthday cake.

(Encourage counting out loud while they do this.)

If they get a blank face of the die when they throw they must wait for their next turn.

The winner is the first to complete all 4 cakes on their sheet.
